JAN WOMACK

50 SUNVALE PLACE

905-808-7424

I am seeking your vote to join the Board of Directors

My husband John and I first visited Newport Yacht Club in September 2012 and immediately fell in love with the facility and the atmosphere of the club. We knew we wanted to be part of the lifestyle this club affords. We moved into our house on Sunvale in the Spring of 2013 and then bought a bigger boat and became Patron Members. We have a CS 36 Merlin sailboat which we named "Coracle".

In our first year here I assisted with the GHYRA dinner planning, preparation and serving as well as running the breakfast for GHYRA participants the following morning. I joined the Marketing Committee two years ago and I have been an active member since then. John also dedicates much time to club events and work parties.

I bring over 25 years of management experience, 12 plus years in Accounting & Finance for manufacturing and not-for-profit entities. I spent 13 years at WSIB in various management positions. I retired in 2014 and now work part-time as a business coach. I facilitate two board meetings monthly for business owners and meet individually with 10 small business owners as a business coach and advisor. I have extensive experience working with teams and I am a great team player.

I have served on my Church Council (Board of Directors) and now volunteer at Mission Services Men's Shelter in Hamilton. I have extensive experience in working at the board level for "not-for-profit" boards. I will bring this experience to our board here at Newport.

My vision for the club is to grow membership. The goal is to fill all available docks with new members, make sure people who move into the area know about the club and join whether as a boating member or a social member. We need to tap into our neighbours to grow boating and social members. This is but one way to strengthen our club and ensure its financial sustainability over the long term.

I hope to get your support so that I might make my contribution to the future of our club.
