

Darryl Fields has been a resident of the Niagara Region since 1996 after moving from the film industry to the wine industry.

He now owns and manages with his wife Natalie a company selling wholesale winemaking supplies across Canada.

Darryl has been boating most of his life, from family runabouts to cruisers. He first purchased a 16' ski boat and had that for about 4 years when he decided to purchase a Trojan. He'd been on it enough times with his father to realize his love of cruising. Several other boats have been enjoyed over the years, now with a 33" Larson.

Understanding boating has come naturally for him and has guided and taught many new boaters valuable driving tips. He's always available for a quick lesson!
