

JEFF HANSFORD

Hello Newport members,

I would like to introduce myself. My wife Ann and I moved to the Newport community eight years ago. I have been an active member since then. First volunteering to help out, any way I could. For the last three years I have been on the board of directors, as the Social director. (We have had some awesome parties!!) as well as being Vice commodore. This year my role is changing, I will be VC Membership. I have worked in the automotive business for over 40 years selling cars. We have 2 adult children and six Grandchildren. Our mission for the club this year is to maintain the phenomenal growth we had in 2020 .(THANK YOU ZENA) We also want to thank our previous members for your partisan over the years you have been here. If you can find time to volunteer a few hours a month by hosting a Friday or Saturday night mix and mingle, Work party or wash the docks down, this would be much appreciated by the Board members and your fellow club members. See you around the board walk!!!!
