

SAFETY STATEMENT OF PURPOSE

Newport Yacht Club has a commitment to quality facilities, customer satisfaction and productive use of our resources. By far, the safety of our people is our primary concern. The creation and maintenance of safe work environment must be regarded as equal to all other business considerations.

The prevention of personal injuries through the safe performance of our jobs and the provision of a safe work environment is good business. It is the direct responsibility of each supervisor to manage for accident prevention by safeguarding operating hazards and training employees to perform their jobs safely.

Working safely is the first criteria of performance for every Employee. Your safety and the safety of others is your responsibility as a Member of Newport Yacht Club.

All staff are required to wear a PFD at all times when working on or near the water.

The Property Manager or Commodore will regularly conduct fire drills and other safety training of all staff.
